In the case of Vardon (Serial No 10 of the Statement) further information seems necessary

Of the 16 scholarships are awarded to the 16 students recommended ready, only 4 scholarships will be left vacant taking the maximum at 20

The DPI says that he has arranged (in the Second list) the Students in the order of merit If the order given by the DPI is accepted, the 1st 4 of the students may, it is said, be awarded the Scholarships of the amounts noted against their names

Of the maximum No of 20 scholarships authorized for this year, it is proposed to give 16 to young men who have already passed one or other of the Arts Colleges in British India If all of them ~~have~~ are to get the next scholarships are recommended by the D.P.I., only 4 scholarships will be left to be given to new applicants Orders solicited as to the selection to be made ~~Draft ordered to see as with the D.P.I's recommendation~~

In Govt Pro No 4069-70 dt 13/2/04 18 Stud^s were granted Technical Scholarships of the Value of Rs 15 and 20 each to enable them to Study in the Victoria Jubilee Technical Institute or other Schools of arts The Rules for the grant of these Scholarships restrict the grant thereof to Natives of Mysore (Vide Rule 7 of G.O No G 3660-2/Ed dt 22/1/04). The Comptroller accordingly requested the Dy Dir of Ed^n whether all the ~~above~~ 18 Students are Natives of Mysore to which the Dy Dir replied that some of them are Mysoreans by birth and others by domicile—

As the term "Mysoreans by birth or domicile" has nowhere been defined the Compt^r requests that an authoritative definition may be given for future

V.M. 6/4/01) It seems to me that the Comptroller need not have made this reference Whether a candidate is a native of Mysore or not — not a matter that concerns him at all It for the Inspr General Yds to furnish information on the subject to him — & it is for him to determine the eligibility of each candidate on the ground mentioned

The scholarships for the year 1904 have been sanctioned on the understanding that the candidates are "natives of Mysore" If any candidate is not a native of Mysore, the Inspr General is bound to bring the fact to the notice of Govt Why should the Comptroller — M. for the information, as if he has discretion to decide the point in any case

The term "native of Mysore" is not an easy one, to define formally — but a decision in concrete cases is, I believe, not so difficult, to arrive at as witnessed by the descriptions given of candidates in connection with the Civil Service Exams

1906 [illegible]

It is my humble opinion that the Comptroller was not altogether out of order in enquiring whether the candidates to whom scholarships had to be passed were natives of Mysore or not As the Govt Order sanctioned scholarships to certain students on the understanding that they were natives of Mysore, it became necessary for the Comptroller, before ~~issuing~~ passing the scholarships in each case, to enquire and ascertain whether the student was accepted as a Native of Mysore The Comptr has now given the needful instructions for the payment of the scholarships, and his action may be approved

In future years there will be no such difficulty as (Please see para 3 of Govt Order No 4062-70 (Ed) dated 13th Feby 1904)

The Comptroller may further be informed ~~with ref~~ that Govt consider it unnecessary to define the terms Nature of Mystor but will give their decision in each individual case as it comes up

in their case Government may be good enough to relax the rules. The rules will be strictly enforced from next year. I have arranged the selected applicants in the order of merit so far as I have been able to ascertain their aptitude and zeal for industrial work. I shall be glad if Government will have the goodness to award as many scholarships to the applicants named in the order of merit as may remain vacant after awarding scholarships to students who have already joined technical institutions and whose names have been given in the list already submitted with my letter No 6864/236 dated 29th January 1904.
